SYTON Technology Co. Ltd.

Light World Bright Life

www.sytonkiosk.com

Ultra High definition perfect picture quality.

Intelligent temperature control system.

Easy 178 degrees wide viewing angles.

Easy upgradable options available; Android, Windows and network.

With a fast 6ms response time, blur, ghosting and distortion will be eliminated, giving way to a perfect dynamic picture .

By using the visual extension technology (S-PVA) it will give an easy 178 degrees viewing angle. No deformed pictures and no color distortion, perfect viewing.

Our full metal shielding structure will prevent any exterior electromagnetic interference. 3mm tempered protective glass for screen durability.

Our intelligent temperature control system will regulate and protect the equipment. Keeping the unit performance at peak level.

Our CMS solution is equipped smart display control, user permission management, remote device control for access and management upto 250 devices form a single PC with full administrative control.

Only professional grade A+ panels are used for our products. High brightness and contrast ratios are the key in delivering great visible advertising.

Equipped with 3D reduction technology.

Specifications			
Screen	49" with LED Back-light	USB Input	USB2.0 x 2
Resolution	2160 × 3840 @ 60Hz refresh	I/O Interface	SD card slot, Power switch
Aspect Ratio	9 : 16	Wi-Fi	Built in 2.4GHz
Decoding Capacity	1ch@4K / 4ch@1080P	RJ45	Self-adaptive 100M/1000M
Brightness	350cd/m2	Speaker	7W x 2
Viewing Angel	H: 178°, V: 178°	Touch Specifications	10 Points IR Touch
Contrast Ratio	1200:1	Control System	Software Based Central Control
Display Color Gamut	1.07 Billion; 10bits	ON/OFF Function	Remote Control
Response Time	6ms	Media Player	Built in for CMS & USB direct play
Lifetime	50000 hours	Multi Media Format Support	Image, Video, Audio etc.
Power	AC 110-240V; 2.0A (50/60Hz)	Document Format Support	Text, PDF etc.
Power Consumption	120W	Others	URL, Time, Weather, IPC stream
Standby Power	<0.5W	Menu Language	English/Chinese/Spanish etc.
Working Temperature	-0℃～40°℃	Custom User LOGO	On body & BIOS (optional)
Working Humidity	10%～85%	Appearance	Black Body with Silver EDGE
CPU	Quad-core Cortex-A17 @1.8GHz	Glass	3mm tempered glass
RAM	4GB	Working Hours	16/7 Hrs
ROM	32GB	Installation	Floor Standing
Built in OS	Android11	Certificates	ISO9001, ISO14001, CE, RoHS
